SUMMARY OF THE REASONS FOR DECISION:

The DVD *Dawn Of The Dead* is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The DVD contains a feature that presents largely as the same as the 35mm film of the same title previously examined and classified by the Office of Film & Literature Classification. The 35mm film *Dawn Of The Dead* was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Violence, horror and sex scenes" (OFLC No. 401263). This decision was registered on 28 May 2004.

The DVD has additional components, in the form of short films, documentaries, a trailer and commentaries. This additional material, and any additional material in the film itself, do not provide grounds to alter the classification given to the original publication.
